DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 9, 10, 15-18 and 21 are rejected under 35 U.S.C. 102(b) as being anticipated by Ferguson et al. (US 3,210,067). The reference discloses a control for a door operating vehicle wherein the capacitor is discharged to the motor while keeping the motor from driving the wheels to operate the doors. See column 7, lines 1-20.

Allowable Subject Matter

Claims 3-8, 11-14, 19, 20 and 22-24 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
